# Gökhan Dönmez

Curious Engineer

Istanbul, Istanbul, Türkiye

## Summary

Engineering enthusiast on a mission to tackle life's puzzles and turn them into better futures!

I'm like a problem-solving superhero, armed with collaboration capes, honesty shields, wisdom wands, and diligence boots. Together, we're on a quest for a world where challenges are just opportunities in disguise.

I believe in working hard and laughing harder because, let's face it, a little humor can fix almost anything. My approach to problem-solving is a mix of serious brainpower and dad jokes – it keeps the solutions flowing and the atmosphere light.

When I'm not engineering a better tomorrow, you'll find me sprinkling honesty confetti, collaborating on wild ideas, and dropping wisdom like it's hot. Let's connect and create a future where problems are scared of us!

Wishing you a future so bright, we'll need engineering shades. See you there!

---

## Experience

IDEArc Uluslararası Mühendislik ve Müşavirlik Limited Şirketi

Project Consultant

October 2025 - Present (2 months)

Istanbul, Türkiye

I work with IDEArc to create interactive, real-time visualizations and review experiences for large-scale infrastructure projects. My focus is turning complex design data into clear, stakeholder-ready stories—accelerating decision-making, improving cross-discipline coordination, and elevating proposal quality. Deliverables range from immersive walkthroughs to cinematic reviews. I operate with strict client-IP confidentiality.

Noddi's Java

Barista

July 2025 - September 2025 (3 months)

Put-in-Bay, Ohio, United States

Seasonal Barista (part-time). Prepared espresso-based drinks and batch/cold brew during high-volume summer shifts on the island. Dialed-in grinders and espresso shots, textured milk for consistent microfoam, handled POS and cash, kept service areas spotless and food-safe, restocked and did opening/closing checklists, and kept lines moving with friendly, fast customer service.

- Crafted espresso drinks, cold brew, and batch coffee during rushes
- Dialed-in grind/shot times; consistent milk texturing & latte art
- Managed POS, cash handling, and order accuracy under pressure
- Maintained food safety & sanitation; cleaned and restocked stations
- Supported open/close procedures and collaborated with the kitchen team
- Guided guests on menu options and upsells (pastries/seasonals)

The Round House Bar

Door Host

June 2025 - September 2025 (4 months)

Put-in-Bay, Ohio, United States

Seasonal Door Host & Floor Security (J-1 Work & Travel). Managed front-of-house entry and worked inside the venue to keep guests and staff safe during high-volume nights—greeting and screening patrons, verifying 21+ IDs, applying wristbands, monitoring occupancy and crowd flow, patrolling the floor, de-escalating conflicts, removing disruptive guests when required, documenting incidents, and coordinating with the security lead and bar team.

- Controlled entry and verified IDs; enforced age, cover, and capacity rules
- Patrolled bar floor and restrooms; monitored crowd density and egress routes
- De-escalated conflicts and, when necessary, safely escorted guests out
- Supported staff safety (cash drops, closeout, last-call clearing)
- Logged incidents and radioed updates to security lead/management
- Kept queues moving and entrances/exits clear for ADA & fire code compliance

ENKA Teknik Okulları Mezunlar Derneği

Chairman of The Supervisory Board

September 2022 - September 2025 (3 years 1 month)

I chosen as the Chairman of Supervisory Board at the ENKA Technical Schools Alumni Association.

KOLIN Construction  
Engineering Works Intern  
April 2025 - May 2025 (2 months)  
Greater Mersin

MTEK İNŞAAT  
Intern  
February 2025 - April 2025 (3 months)  
Istanbul, Türkiye

- Observing construction workflows on the field,
- Analyzing methods to solve unforeseen problems,
- Gaining know-how on a residential urban construction project,
- Reporting the experience in a concise manner to the university.

IDEArc Uluslararası Mühendislik ve Müşavirlik Limited Şirketi  
Intrapreneur  
May 2023 - March 2025 (1 year 11 months)  
Sisli, Istanbul, Turkey

I use game engines to make designs real. The tools and programs I work with:

- Unreal Engine 5,
- Cesium,
- Visual Studio and VSCode,
- C++,
- Autodesk Navisworks,
- Oculus Quest 2.

Starbucks  
Barista  
June 2022 - September 2022 (4 months)  
Ayvalık, Balıkesir, Turkey

My responsibilities are:

- Welcoming guests
- Receiving and preparing orders such as foods and beverages
- Maintaining store clean and in order
- Resolving complaints of guests efficiently and quickly

Yetkin Gençler

Trainee

February 2022 - May 2022 (4 months)

YetGen is a 14-week 21st Century Competencies Training Program where pieces of training such as Effective Presentation Techniques, Teamwork, Career Planning, Excel, Information / Media / Finance Literacy, Social Innovation, and GirişGen process have been organized.

I am completing the assignments given during the Yetkin Gençler Education and Awareness Program, and learning to establish my enterprise with the focus of the UN Sustainable Development Goals within the GirişGen process.

Konda Araştırma ve Danışmanlık

Surveyor

September 2021 - September 2021 (1 month)

Istanbul, Turkey

UniPath

Video Editor

February 2021 - June 2021 (5 months)

I am responsible of assembly, editing and post-production of educational video contents for Youtube as well as optimizing the Youtube algorithm to grow up quickly.

Programs/Methods that I am using:

\*Adobe Premier Pro

\*Adobe Photoshop

\*ScreemingFrog

\*Microsoft Excel

\*SEO Optimization

Team Cymurghs

1 year 5 months

Team Member

January 2020 - September 2020 (9 months)

## Turkey

I continue to work as a mechanics, outreach, and finance & budget team member after my previous role. In this process what I did?

- \*discuss the robot design with other members and mentors,
  - \*invent or upgrade systems for the robot,
  - \*being active in the robot's manufacturing process,
  - \*being responsible for the robot in the competition,
  - \*discuss the outreach opportunities,
  - \*design or implement new outreach strategies,
  - \*find new financial sources,
  - \*communicate with companies, startups, and NGO's for collaborations.
- With these experiences, I improved my communication, creative design, handicraft & manufacturing, risk mitigation, empowerment, cost management, and empathy skills.

## Team Captain

May 2019 - January 2020 (9 months)

### Turkey

Cymurghs is the first independent FIRST Robotic Competition team of Turkey. It has a student-led team with students from the various provinces of the country.

In my time of leadership, we were nearly 25+ students from 14 different provinces. I had responsibilities and some of them were managing meetings, helping to grow team spirit, and troubleshooting.

## epiSTEM Türkiye

Student Researcher at "Bir Deney Yapalım mı?" project

August 2019 - February 2020 (7 months)

## Schneider Electric

Test Automation Engineer

August 2019 - September 2019 (2 months)

Samandıra, İstanbul, Turkey

An internship about PLCs and automation in Test Laboratory.

## Ozyegin University

Robotics Engineer

July 2019 - August 2019 (2 months)

Istanbul, Turkey

A research internship about biomechatronic. I;

- \*Optimized a 3DoF robotic arm
- \*Presented the robotic arm to lab staff and faculty in English
- \*Researched forward and reverse kinematics
- \*Got lectures about the stress of materials, kinematics, manufacturing methods
- \*Experienced MATLAB, SolidWorks, Catia, Autodesk Fusion 360 & Inventor

**ENKA Schools / Okulları Kocaeli**

**Project Supervisor**

June 2019 - July 2019 (2 months)

Kocaeli, Turkey

An internship about gasoline combustion engine and mechanics.

---

## **Education**

**MEF University**

Bachelor of Science - BS, Civil Engineering · (September 2021 - August 2025)

**Kocaeli Özel ENKA Teknik Okulları**

Vo-Tech High School Diploma, Industrial Automation Technologies - Mechatronics · (July 2017 - July 2021)

**Kıraç Schools**

Secondary School · (2013 - 2017)
