Education

- | | |
|-------------------|---|
| From 10/2026 | <p>M.Sc. in Information Technologies for the Built Environment, Technical University of Munich, Munich, Germany</p> <ul style="list-style-type: none">Enrolled for winter semester 2026/27; lectures begin 12 October 2026. |
| 08/2024 – Present | <p>B.A. in Business Administration, Anadolu University, Remote, Türkiye</p> <ul style="list-style-type: none">Second degree, distance learning concurrently with main degree. |
| 09/2021 – 01/2026 | <p>B.Sc. in Civil Engineering, MEF University, Istanbul, Türkiye</p> <ul style="list-style-type: none">GPA: 3.10/4.00, Honours, 100% Scholarship,
Senior Design Project: Design of a Divided State Road. |
| 09/2024 – 02/2025 | <p>Exchange Student (Erasmus+), National Technical University of Athens, Athens, Greece</p> <ul style="list-style-type: none">Key Course: Technology of Building Information Modelling (BIM). |
| 09/2017 – 07/2021 | <p>Technical Anatolian High School Diploma, ENKA Technical High School, Kocaeli, Türkiye</p> <ul style="list-style-type: none">GPA: 90.61/100, 100% Scholarship,
Industrial Automation Technologies with focus in Mechatronics. |

Experiences

- | | |
|-------------------|---|
| 10/2025 – 09/2026 | <p>Research and Development Engineer, IDEArc International Engineering and Consulting, Istanbul, Türkiye</p> <p>International civil engineering office focusing on large-scale infrastructure projects and digital engineering solutions.</p> <ul style="list-style-type: none">Developed a web-based project management platform with BIM and GIS integration,Designed an automated model generation pipeline from project drafts using semantic modeling with AI-based heuristic reasoning,Built solo an interactive visualization-based digital twin with Unreal Engine utilizing Pixel Streaming for cinematic presentation of a highway project. |
| 04/2025 – 05/2025 | <p>Engineering Works Intern, Kolin Construction, Mersin, Türkiye</p> <p>Construction company delivering on-site transportation infrastructure works.</p> <ul style="list-style-type: none">Practiced quality control processes, daily inspections, and coordination between site and office,Automated daily construction reporting by developing a Python script to extract structured data from Word reports and generate Excel summaries. |

- 02/2025 – 03/2025 Construction Engineering Intern, MTEK Construction, Istanbul, Türkiye
Construction company delivering urban transformation and residential building projects.
- Sustained site coordination with progress monitoring and workforce attendance tracking,
 - Assured quality of molding and casting processes during construction.
- 05/2023 – 03/2025 Research and Development Intern, IDEArc International Engineering and Consulting, Istanbul, Türkiye
- Designed and implemented an engineering project management application and portfolio website to support project documentation,
 - Developed a BIM data visualization application using Unreal Engine for virtual reality headsets to review models.
- 07/2019 – 08/2019 Summer Research Intern, Ozyegin University Biomechatronics Laboratory, Istanbul, Türkiye
- Conducted a study on the control of additively manufactured 3 degrees of freedom robotic arm using reverse kinematics.

Skills

BIM & Design	Autodesk Civil 3D, InfraWorks, Navisworks
GIS	GeoServer, PostGIS, Cesium, QGIS
Development	Python, HTML/CSS/JavaScript, C++, Docker
Visualization	Unreal Engine, Twinmotion, Blender

Memberships

buildingSMART Türkiye, American Society of Civil Engineers, A Community of Transportation Professionals (ITE), TMMOB Istanbul Chamber of Civil Engineers, XR Türkiye

Languages

Turkish (Native), English (C1), German (A2), French (A2).
